

Intermediate Palletized Paint Striper 155 Airless

The MB 155 HP™, self contained, palletized line striper is a durable performer for people who prefer airless paint systems.

The unit's rugged construction provides dependable, consistent operation yet the palletized design allows the MB 155 HP™ to be stored when not in use.

The standard high pressure pump allows the simultaneous use of up to two paint guns. Larger displacement pumps or an optional second pump are available to provide increased capacity and productivity.

Gun controls are conveniently positioned in the hand box and allow operation from the vehicle cab or operator's station. The gun carriage pivots to allow centerline or edge-line striping and provides a storage position for use during transport.

The MB 155 HP's productivity and ease-of-use sets the standard for palletized paint systems.

FEATURES

- ♦ A.S.M.E. rated bead tank
- ♦ Paint and bead guns can be controlled from operator seat or vehicle cab
- ♦ Capable of applying standard reflective or non-reflective water-based traffic marking paint
- ♦ Unit easily mounts on 3/4 and 1 ton pickup
- ♦ Steel sheet decking promotes cleanliness and protects chassis or carrier body
- ♦ Valved inlet allows attachment of water source to plumbing for clean out and flushing
- ♦ Rear operator seat
- ♦ Air lift and deploy carriage

PAINT SYSTEM FEATURES

- ♦ Airless high pressure system
- ♦ Single high pressure paint pump, rated at 8.6 gpm, larger pumps available
- ♦ Easy access to filter for cleaning
- ♦ Powered by 20 HP gas auxiliary engine

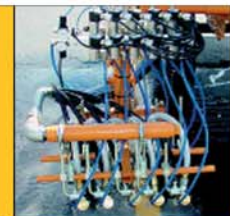

CONTROL BOX

- ♦ Toggle Switch for paint guns
- ♦ Weather resistant
- ♦ Extended 20 foot umbilical cord, for use in either cab or rear operator system
- ♦ Solid state electronic Timer

OPTIONAL EQUIPMENT

- ♦ Air powered paint agitators
- ♦ Hand held spray guns and hoses
- ♦ Available crosswalk sprayer
- ♦ Rotating caution beacon
- ♦ Fire extinguisher
- ♦ Additional paint and bead guns
- ♦ Expert start-up training
- ♦ Airport package, capable of a 36" line in a single pass (Includes larger capacity pump and 24HP engine)
